MHS pupil harmony meeting

By WALTER STRANGE
Press-Record Staff Writer

A committee of both students and parents has been formed to help solve the problems here," Richard Brown, principal of Madison High School, said today as the school reopened.

"They will meet this morning after we get the classes going. They will meet together first and if they want to hold separate meetings on the problems they can."

Students have indicated a desire to discuss racial tension through a new group of eight black and eight white students. Chairmen are Osbert Lomax and John Gorka.

There were 10 parents at the school today observing the situation prior to the meeting.

Fights between students last week had caused school to be dismissed shortly after 1 p.m. Thursday. An effort to hold classes Friday had to be abandoned as antagonism continued, but the school is operating almost normally today.

"I think we have a good start to getting things back to a more normal situation this morning," Superintendent of Schools John Palchiff commented at 8:35 a.m. today.

"The student and adult committee members are really interested in having a good school here and so are most of the students."

"We will have three extra non-uniformed Madison police officers at the school for the next few days."

"The board will meet Tuesday at 6:30 p.m. to discuss the state's A-160 citizen-involvement-in-schools plan. The high school situation is not on the agenda, and unless there are more incidents I doubt that the problem will be discussed."

JCB members are at Madison High now and the entire board is ready to meet at any time the situation requires it."

VW plant for GC?

A Volkswagen automobile manufacturing plant should be established in the Granite City castings plant being closed by General Steel Industries, U.S. Senator Charles H. Percy, Illinois Republican, has told West German Chancellor Willy Brandt.

Percy on Friday made public an exchange of letters in which he described an 118-acre site with an industrial building containing 1,700,000 square feet of space—located several blocks from a basic steel manufacturing plant, Granite City Steel Co.

The senator said it is "An excellent site and plant." The Castings Division is one of two divisions currently being phased out by GSI.

The Tri-Cities Area Chamber of Commerce through its Industrial Development Committee has been in active contact with Volkswagen since June.

Percy added in his letter to Chancellor Brandt, "I can assure you of the cooperation of all levels of government—local, state and federal—to make such a facility a success in that area."

The large West German auto firm is considering a U.S. plant because dollar devaluations have made foreign imports more expensive for Americans, hurting VW competitively. Its

former \$2,000 model now costs \$2,700.

Brandt replied that Volkswagen "Certainly would consider St. Louis (GSI's headquarters are in St. Louis) whose advantages you pointed out," if the company does decide to build a plant in America.

Since the West German government owns only 16 percent of the stock, such a decision would be up to the VW board of directors, the chancellor noted.

He pointed out that a VW study team came to the U.S. last month to evaluate the feasibility of opening a plant.

Three days were spent on tours and meetings in this region in mid-September. A helicopter was used and several potential sites were inspected.

The St. Louis Commerce and Gravities Association has been active in presenting data on regional resources, labor and facilities.

It is being emphasized that the study is generalized at this point. A recommendation is to be made to the firm by its study group before the end of the year.

If VW decides to locate in the U.S., more detailed studies of possible sites will be conducted. Sen. Percy said he believes the chances of Granite City being chosen are good.

State delay on college

A delay of at least one month was decided upon by the Illinois Junior College Board on Friday as it considered whether to permit an election to create the proposed Southwestern Community College.

JCB members indicated they are receptive to a new district if adequate population, assessment and enrollment are likely.

Attorney Leo H. Konzen, head of a local junior college study group, was permitted to speak and reviewed Quad-City's past and present efforts to provide diverse advanced education and training, including the long-ago creation of adult vocational education in local school systems and the mid-1960s formation of the Southern Illinois University at Edwardsville campus a short distance from the School District Nine boundary.

Dr. Fred Wellman, JCB executive secretary, again stressed his opposition to a new district and he has obtained Illinois Board of Higher Education concurrence with his negative recommendation.

State Rep. Robert Walters of this district noted that the

Southwestern application complies fully with Illinois state law.

He stressed that the General Assembly has taken a specific stand on the criteria now being ignored by the JCB.

The meeting took place at Rend Lake College. It was noted that the board is changing its name to the Illinois Community College Board.

Dr. Wellman said inclusion of Collinsville with the Quad-Cities would bring the proposed new district close to the board's guidelines, and addition of Edwardsville would put it well above the desired minimum size.

He conceded that a number of existing junior college districts are smaller than the board's criteria.

He also admitted potential advantages of a consortium with SIUE, a basic part of the Southwestern proposal.

Dr. Wellman plans to submit a tentative map placing the Quad-Cities in a junior college district, apparently Lewis and Clark at Godfrey, next month. Konzen stressed local preference for joining Belleville Area College if a new district is barred.

News notes

There is rising pressure for impeachment of President Nixon after he fired Watergate special prosecutor Archibald Cox, accepted the resignation of Attorney General Elliott Richardson and fired Richardson's deputy, William French Smith, on Saturday.

The controversy stems from Cox's refusal to accept a compromise under which tapes of White House conversations would be heard and reported by Sen. John Stennis rather than by a federal judge.

The United Nations last night called for a cease-fire this afternoon in the war between Israel and several Arab countries. Both sides said they are willing to comply if their interpretation of cease-fire adherence is observed by the other side. Eight Arab nations now say they will ban all oil shipments to the United States.

The next Tri-Cities Area United Way report meeting will be a noon luncheon Wednesday at the YMCA.

Camelot, a charity auction held Saturday night at Sunset Hills Country Club, grossed \$14,552. It was announced at the end of the eight-hour event attended by a capacity dinner gathering.

Distribution of Granite City School District questionnaires to high school students and to parents of younger students began today. Officials are urging that the forms be filled out and returned.

School open houses are scheduled in the Madison district at MHS and Blair Tuesday 2-4 p.m. and 6:30-8:30 p.m.; Dunbar, 6:30-8:30 p.m. Tuesday and Thursday from 2 to 4 p.m.; and Harris, Louis Baer and Madison Junior High

Thursday 2-4 p.m. and 6:30-8:30 p.m.

Open house will take place all this week at GCHS South, children's classes, and 7:30-8:30 tonight at Fraher Junior High.

Tuesday night's schedule is 7:30-8:30 at Grigsby, Emerson, Nameoki and Niedringhaus, 7-8 at Maryville and 6:30-7:30 at Lake Johnson School's open house will be during the day Tuesday and Wednesday, while McKinley will be visited 7:30-8:30 p.m. Thursday and Washington 7-8:30 p.m. Thursday.

Daylight saving time will end at 2 a.m. Sunday, Oct. 28.

Those interested in forming a couples' volleyball league will meet at 7:30 tonight at Nameoki Recreation Center Room 2, and a meeting on men's basketball is set for Room 3 there at 7:30 p.m. Tuesday.

Unrest Friday

Racial tension at Madison High School, after simmering for several days, came to a head Friday as students began throwing rocks, bricks and pieces of concrete at each other.

Police and Madison County sheriff's deputies were called to the scene and later state troopers in riot gear were summoned.

There were no serious injuries, but several people were treated at St. Elizabeth Hospital after the incident.

Windows in three school buses were broken as the buses attempted to remove black students from the area at 9:30 a.m. Friday.

The windows were broken when white students threw objects at the sides of the buses. Some passengers were among those injured.

Earlier Friday, blacks barred entry to MHS through the main gate.

Rocks and concrete were thrown through the air several times, during the morning, some pieces striking law enforcement officers.

A deputy sheriff was struck several times, once when a piece of concrete as large as a closed fist broke in half as it struck the back of his head. He was not seriously hurt.

A Madison city policeman was struck on the lower back with a large piece of concrete as he closed a gate in a fence which separated two factions.

Newsmen on the scene also were pelted.

Trouble at the school has been reported each fall since 1968, but has not been as severe in recent years as it was Friday, authorities said.

One policeman was overheard terming the disturbance "the annual riot."

The high school was closed for today. Classes were to resume Tuesday.

A 19-year-old boy and three juveniles were arrested after throwing rocks at school buses. They were taken away by sheriff's deputies. The older boy was released without charges and the juveniles were referred to the city's juvenile officer.

Trouble began as the students arrived for school Friday, following incidents which led to early dismissal of classes Thursday afternoon. Groups lined up along Farish Street, with white students on the west side of the street and black students on the east side near the school.

Police tried to stay between the two groups.

Interpersed between periods of relative calm were incidents during which the rocks and concrete were thrown, firecrackers were exploded and obscenities were shouted across the street.

The groups, each numbering about 200, moved up and down the street from time to time, always stopping across from one of the gates in the fence around the school.

Cut bus fare Nov. 12

The Bi-State Development Agency decided Thursday afternoon to begin a bus fare reduction from 45 cents to 25 cents on Nov. 12.

The lower fare and provision of additional service in St. Louis County will be on a 90-day trial basis.

In addition to the basic fare cut, senior citizens will pay only 15 cents during off-peak hours.

Children's fares will drop from 20 to 15 cents, and the cost to students will decrease from 35 to 20 cents.

The ten-cent transfer charge and five-cent express bus premium will be retained.

St. Louis aldermen on Friday by a 19-4 vote appropriated \$234,000 to the agency to help meet transit costs.

Bi-State commissioners on Thursday asked Edward Delmore Jr. of Caseyville to return to the board and again serve as chairman. He had resigned this month when the board rejected a fare cut on a 5-5 vote.

Delmore said Friday he had already forwarded his resignation to Gov. Daniel Walker.

Madison High unrest reviewed by parents and school board

Forty-two concerned, angry parents and students attended a regular Madison School Board meeting Thursday evening—upset over numerous incidents and fights at Madison High School and the handling of such matters.

At 1:05 p.m. Thursday unrest had broken out and the high school was dismissed early.

Two students, Alicia Narvaez, 15, and Susan Krawietz, 16, were treated at St. Elizabeth Hospital for nose and right shoulder injuries, respectively.

Board President Chester McManaway told the group that all would get a chance to speak at the board meeting. He explained that the board welcomed any suggestions and information.

Mrs. Daisy Adams said she called police Thursday because Principal Richard Brown refused to "When the police arrived, he would not let them in the building and tried to send them away, telling them that everything was under control."

"I think the board needs to really look into the whole mess and do something about it. There's something wrong when the city fathers all send their children somewhere else in school when they get high school age."

"I saw a little girl bleeding today with a busted lip and an injured nose. Why do authorities at the high school let this kind of trouble go on day after day and then try to hide it?" Mrs. Adams asked.

Mrs. Ted Navaraz said, "My little girl got a broken nose today. This kind of stuff has been going on for years. The principal's sitting behind his desk doing nothing and he locks himself in his office."

"Six boys jumped my daughter and pushed her down the stairs. It's just like when Eddie Meyers got beat up and hurt, Brown wanted it kept quiet."

Mrs. Linda Burns commented, "A student came running to my house this afternoon and told me my daughter was getting beat up."

"I telephoned Mr. Brown and he told me everything was under control. I found out one of your teachers had my daughter locked in the room and would not let her out."

Charles Adams told the board, "We have been having serious trouble for years. Children need to learn discipline in school, but this year everything at the high school has been running wild."

"I am not blaming any race. There is good and bad on both sides. But the principal is like an ostrich. He just pretends nothing is going on," Adams asserted.

"We need more guards and lots of them. We have another Vietnam at the high school. We also need someone with the knowledge to spot trouble and sense enough to call police when they are needed."

"I am asking you to provide a safe education for our children and get guards now."

A Mrs. Walker told the board, "We need to be concerned about our grade school. Students travel in gangs and beat up on the little kids. I saw three fights within just a few blocks."

"We need school administrators and board members to worry about children here, not Granite City."

"Four boys held a girl at the junior high and cut her hair off," she alleged, concluding, "Something must be done to protect our children."

Mrs. Donna Crook contended that former "Supt. Riddle was asked to resign partly because he was not a resident of Madison. Brown lives in Granite City. Why isn't he asked to resign?"

A high school student said, "There are hassles going all the time at the school. Why should I get suspended for defending myself?"

"I was at my locker when this dude came up from behind and pushed me and then I was surrounded and could not go anywhere."

When asked by the board president if any blacks were suspended, the white student replied, "Yes, there were four kicked out."

INJURED WOMAN is aided in the Madison High School area Friday after an episode in which students threw rocks, bricks and chunks of concrete. An officer assists Rosalie Wallace into an auto to be taken where first-aid could be provided for an abrasion to the head caused by a thrown rock. (Press-Record photo)

Expanding efforts to find missing youths

The Illinois Department of Law Enforcement will help all Illinois police jurisdictions step up efforts to locate missing youngsters with a juvenile officers' communications system throughout Illinois and bordering counties in four neighboring states.

Names and limited identification of missing persons are already circulated nationwide through the department's Law Enforcement Agencies Data System (LEADS).

Law Enforcement Director Harvey N. Johnson Jr. said today, "Having in mind the recent series of incidents in Texas, the governor asked me to do everything possible to help make the job of locating missing children more effective for law enforcement agencies in Illinois."

"The way we can achieve this is to improve the method of dissemination of missing juvenile information, so that all police departments will be made aware of the facts and can join the search."

"Since the juvenile officer is most likely to deal with a youngster who has been reported missing, we have started to enter detailed descriptions of these young people in the department's Juvenile Officers Information File."

"When a name is entered in the file, a letter of notification will be sent to the parent. As soon as the child is reported located, his or her name will be purged from the file, and no permanent record will remain."

The Department of Law Enforcement maintains a communications network and uniform crime reporting system for 960 separate police jurisdictions in Illinois.

Over the past five years, incidence of reported runaway children in this state has increased 28 per cent.

In 1972, 16,529 were reported missing; 6,860 boys and 9,660 girls. At year's end, 15,161 of these youngsters were reported returned home or located. Of this total, 4,330 young people were age 15, the year of the highest runaway rate for both boys and girls.

For the first six months of 1973, 6,466 runaways were reported in Illinois, compared with 7,149 for the same period last year. As of the end of June, 4,547 of these cases were reported cleared.

"An estimated one million Americans run away from home every year."

from in front of the school this morning by Madison County sheriff's deputies.

There were many deputies on hand to help assure a calm reception of instructions. Student friction has led to fights and suspensions on a number of occasions over the past six years.

Students told the Press-Record today that they hope students can be taught to help patrol corridors. Noting that the security staff consists of one woman and one man, they said they also would like to see additional adults assigned to security.

Rather than a blanket suspension of all students involved in fights, they hope that any future "innocent victims" will not be disciplined.

Students also called for increased inspection of items in pupil lockers, presence of Principal Brown and Assistant Principal Arthur Carter in the student cafeteria during the lunch time, prompt notification of police if trouble develops, a ban on alleged use of a club by a teacher, and continuation of the 16-member student committee.

Students also are hopeful that future athletic events can proceed as scheduled.

An MHS varsity football game at East Peoria Friday night was eliminated due to the student unrest.

Supt. Palechek met Friday morning with all teachers and high school and conferred with parents during the afternoon "to try to find some answers."

Results of the meeting on Friday resulted in a list of items for Mrs. Rosalie Wallace, 35, of 1123 Meridian St., and Miss Jessie Gidron, 17, of 136 Lee Wright Homes, Venice.

Mrs. Wallace was struck on the head by a rock thrown from a crowd of students.

Miss Gidron, a student riding a school bus, suffered minor injuries when a bus window was broken.

The Madison Board of Education on Friday afternoon adopted the following student regulations:

1. Having food or drink of any kind outside the cafeteria.

2. Using abusive or foul language.

3. Fighting (first offense).

4. Tampering with lockers or unauthorized parts of the school building.

5. Littering, tearing books, "teeping" restrooms, etc.

6. Inciting or taking part in any type of riot or school disruption.

7. Smoking on school property.

8. Running in halls, screaming and/or creating a disturbance in the school building.

9. Unauthorized roaming of the halls or failure to report to your class.

10. Refusing to report to the principal's office or to give your name upon request of any school employee.

11. Disturbing any class which is in session or entering a classroom other than your own, without the approval of the teacher.

12. Bringing undesirable personal property to school, such as chains, weapons, etc.

13. Being tardy four or more times to any one class during a grading period.

These rules and regulations shall be read and discussed by the teacher and students on the first day of each Semester.

Buses will leave seven minutes after the dismissal bell, the board's policy statement concluded.

Mr. and Mrs. George Sherrod, 113 Venice Homes, Oct. 21, Raymond, nine pounds, 12 ounces.

Mr. and Mrs. Frank Polach, 204 Twelfth St., Oct. 21, Henry Joseph, seven pounds, three ounces.

He was charged with aggravated battery, resisting peace officers, disorderly conduct and aggravated assault. He was held in the Madison jail this morning for Venice police.

Venice Officer Joseph Meehan was called to the Legion ballroom because of a disturbance at one of the tables. He said he instructed Kostoff to return to his home table, but that the man refused and struck Meehan in the left jaw.

Meehan said he informed Kostoff he was under arrest, and that Kostoff then threatened him with a champagne bottle. Madison Officers Kenrick and William Page, guests at the dinner, aided in arresting him.

Kostoff was treated at St. Elizabeth Hospital for head cuts.

Unrest

Continued from page 1

Police Frank Dutko spoke over a public address system, urging all students to either go inside the school or go home.

"Classes will be held today and if you do not attend you will be counted as absent," he told the students. The announcement brought no response.

Inside the building, Madison School Supt. John Palechek and the school's principal, Richard Brown, conferred to attempt to devise an end to the dispute.

A short time later, Palechek instructed Brown to call the school buses to return. "We're going to have school for those who want to come, and those who don't can go home," he said.

Four buses arrived and police moved the black students inside the school's fence, closing the gates behind them. The blacks boarded the buses about 10 minutes later without incident.

But when the buses sped out the gate and onto Seventh Street, pieces of concrete broke window in three vehicles.

Two buses had to stop a block west of the school when black students opened the rear emergency exit doors and jumped into the street. Officers halted white students from running down the street to the stopped buses.

The blacks returned to the buses and were taken from the scene. The crowd then dispersed.

Chester McManaway, president of the Madison Board of Education, watched much of the disturbance from his car, parked nearby. John Boyer, a board member, was with McManaway in the vehicle.

McManaway commented, "We are trying to find out what brought this on. Not just the surface things, but the underlying things that have brought it to a head."

Markel-Harding nuptials at St. Margaret Mary's

St. Margaret Mary Catholic Church was the scene of the wedding on Saturday afternoon of Miss Jo Marie Harding, a daughter of Mr. and Mrs. Joseph Harding, 41 Shirlwin Drive, and Timothy Price Markel, son of Mr. and Mrs. Frank Markel, 2710 Benbow St., Alton.

The Rev. George Morelock performed the double ring ceremony at 2 o'clock before an altar banked with ferns and greenery. White satin bows marked the pews.

Escorted to the altar by her father, the bride chose a satrapeau gown designed with an Empire bodice. The high neckline was traced with Venice lace and lace also formed a decorative motif edging the sheer yoke. The long sheer sleeves featured a deep applied lace trim at the lower part, creating an unusual cuff effect.

A narrow row of lace marked the crescent waistline and three rows of lace on the A-line style skirt were enhanced with floral clusters of lace on either side. The skirt hem and chapel length train were likewise edged with Venice lace.

She wore a lace floral headpiece to secure a bouffant veil of imported bridal illusion and the bridal bouquet was festooned with long satin streamers.

Maid of honor, Miss Diane Niebur, and bridesmaids, Mrs. Jane Duff, Mrs. Marie Irie, Miss Joyce Robinson, a niece of the groom and Miss Joyce Harding, a sister of the bride, were dressed alike in moss green gowns fashioned in Empire style. Delicate ivory lace marked the square necklines, encircled the midriff and formed a tiny ruffle at the wrists of the long tapered sleeves.

Each girl held a nosegay of carnations in fall shades.

Christy Barbachem, a cousin of the bride, wore a frock identical in style to the adult attendants' dresses and carried a basket of autumn flowers.

cousin, served as ringbearer. Attending the groom as best man was Bill Stroud, Thomas Keller, Pat Pittman, Joe Lang, Bill Beggs, John Harding, a brother of the bride, and Dave Mancke, completed the corps of groomsmen and ushers.

Mrs. Harding, mother of the bride, selected a full length gown created with a pink ribbed bodice featuring a V neckline. White chiffon lace edged the neckline and formed the cuffs of the long sleeves. The semi-straight skirt was made in white double knit. She wore a corsage of pink and white carnations.

The groom's mother, Mrs. Markel, chose an A-line style dress in robin egg blue double knit. Gold braid defined the V neckline and trimmed the long sleeves. Her ensemble was complemented with a corsage of blue and white carnations.

A rehearsal dinner for the wedding party and their families was given at Charlie's Restaurant on Friday evening. The newly married Mr. and Mrs. Markel received guests following the service at the Elk's Lodge.

After a wedding trip to Tan-Tar-A Resort in the Ozarks, the couple will reside in Granite City.

A graduate of Granite City High School and Belleville Junior College, the former Miss Harding is employed at the First National Bank of St. Louis.

Mr. Markel was graduated from Alton High School and Southern Illinois University, where he was a member of Delta Sigma Psi. He is an accountant at the First National Bank in St. L.

St. Elizabeth scene of Pekarik-Rozyski wedding

Tall vases holding arrangements of autumn flowers with greenery and baby breath decorated the altar and burning tapers in aisle standards entwined with ivy provided the setting for the wedding of Miss Anita Rozyski and Michael Alan Pekarik on Saturday afternoon at St. Elizabeth Catholic Church.

The bride party entered through an arch decorated with greenery and gold, orange and bronze flowers, accented with orange velvet ribbons, to proceed along the white carpeted aisle.

Officiating at the double ring ceremony were the Rev. Lawrence Mattingly, St. Elizabeth Church pastor, and Dr. L. Jim Anhus, pastor of Central Christian Church.

The bride is a daughter of Mr. and Mrs. Walter M. Rozyski, 2016 Lindell Blvd. The groom's parents, Mr. and Mrs. John G. Pekarik, reside at 2600 Adams St.

Mrs. Lois Bilbrey, soloist, sang "Ah Sweet Mystery of Life," "Let It Be Me," "Ave Maria," "Because" and "The Lord's Prayer," accompanied by the organist, Judy Owens.

For her wedding, the former Miss Rozyski selected a floor length gown of white Chantilly over taffeta. The bodice featured a sheer lace yoke with a ruffled stand up collar and long lace Juliet sleeves.

Ruffled tiers of lace formed the bouffant skirt, sweeping gently into a chapel length train.

She wore a camelot headpiece to secure a fingertip veil of bridal illusion edged in scalloped Chantilly and she held a bouquet of white carnations interspersed with green leaves to create a cascade effect, centered with a white orchid.

Miss Betsy Christopher, the bride's cousin, was maid of honor. Mrs. Grancis, Miss Margie Simpson, both cousins of the bride, Miss Kathy Burgess and Mrs. Debbie Hutchings served as bridesmaids.

They were gownned alike in formal length dresses of orange dotted veil. Their frocks were designed with square necklines, Empire waists marked with a ribbon band and bow in back and long puffed sleeves. The softly gathered skirts were accented at the hemline with a deep ruffled flounce.

Each attendant carried an oval straw basket filled with star flowers in fall colors, German statice and baby breath, festooned with orange velvet ribbons and velvet leaves in autumn shades.

The flower girls, Shelley Rozyski, a sister of the bride, and Debbie Rozyski, the bride's cousin, wore frocks similar in style to the adult attendants' dresses. They carried miniature straw baskets of flowers.

Michael Phillips served as the best man, Terry Balcer, Scott Wilson and Jack LaPeire were groomsmen and Larry Knox and Walter Rozyski Jr., a brother of the bride, seated the guests.

Opti-Mrs. entertain guests

The Noon-Day Opti-Mrs. Club held its annual "Guest Day" luncheon in the Terrace Room of the Central Christian Church last week, with 41 women attending.

Fruit punch was served to members and guests who gathered on the patio prior to a salad buffet luncheon prepared by the Christian Women's Fellowship of the church. The tables were decorated in autumn colors and centerpieces were arrangements of dried autumnal and miniature bird baths.

Mrs. Robert Brave, president, welcomed the guests and the invocation was given by Mrs. Raymond Henley. The hostess committee was comprised of Mrs. David Parrish, chairman, assisted by Mrs. Harold Fischer, Mrs. Merl Jennings, Mrs. David Brooks and Mrs. Henley.

Guests attending included Mesdames Velma Carragher, Ida Hereford, Lorette Hundley, Mrs. Katsberg, Thelma Markgraf, Helen Matson, Dolores McAllister, Helen Meyer, Pauline Mueller, Hilda Ottewill, Marian Pierson, Bea Rittenhouse and Sylvia Tapp.

Mrs. Parrish introduced Mrs. Judy Padgett, who gave the program for the afternoon. Mrs. Padgett, a member of the American Cancer Society for 25 years, was re-elected to the Illinois Division Board of Directors for a third term last week at the society's annual meeting in Chicago.

Dr. Donnelly will serve on the State Board of Directors, a representative of District Eight, which includes Madison County, for two more years. He also will continue to be a member of the Division of Public Education committee.

Other area ACS members attending the meeting from Madison County were Harold E. Ruyle, board chairman of the Madison County Unit; Donald R. Ingram, M.D., unit president; James R. Heil, unit public education chairman; Edward Kigdsdale, M.D., unit professional education chairman; and Mrs. Harriet Horn of Granite City, unit service chairman.

Other board members attending as delegates were Robert Bastilla, Highland; Joann Yakubian Godfrey and Mrs. William Reydon, Alton. Professional delegate members attending were Richard D. Yoder, M.D., Alton; and Felicia D. Koch, M.D., Granite City, and staff members were Mrs. Ruth C. Wilderman, area executive director and John W. Paddock,

restored a home at 2219 Delmar Ave.

Mrs. Padgett said the society now has a membership of 18 families and its boundaries cover 27 blocks from Adams Street to Madison Avenue between Niedringhaus Avenue and 24th Street.

Member families try to assist each other to overcome problems in restoring older homes and encourage persons to purchase homes of historic value, the speaker said. The society's major objective is to develop pride and identity within the neighborhood, she added.

Mrs. Padgett said a clean-up day was sponsored by the group in April and a restored home was included in the Granite City Junior Service Club's home tour.

Presently planned for the spring months is a tour of homes in various stages of repair and restoration, she said, noting that other proposed activities include a newsletter

publication and renewed efforts in seeking cooperation from downtown merchants and city officials.

The guest speaker cited the Lafayette Square Restoration Society of St. Louis for its assistance in helping to establish the local organization. She pointed out that 60 homes have been restored by the St. Louis group in the past four years.

Throughout the United States, long neglected downtown areas in many major cities now are enjoying a resurgence of life and spirit, Mrs. Padgett said, brought about in many instances by new property owners with more imagination than money to spend.

A social hour followed the program and prizes were awarded to Mesdames David Fox, Irbly Todd, Harold Fischer, Hugh Blake and Velma Carragher. The club will meet in November at Charlie's Restaurant.

State cancer society renames Dr. Donnelly

assistant executive director.

The annual conference began with workshop sessions for unit board chairmen and committee chairmen. The general session included talks by Charles E. Elbersol, chairman of the American Cancer Society's National Board of Directors, and Loren J. Humphrey, professor and chairman of the Department of Surgery at the University of Kansas Medical Center.

Dr. Humphrey discussed a serologic means for detecting cancer of the breast, which has been researching and developing. David T. Carr, M.D., and professor of Clinical Medicine at the Mayo Graduate School of Medicine, also gave an enlightening talk on quackery, or unproven methods of cancer management.

Gale Gordon, well known actor on the "Here's Lucy" show, was guest speaker at the annual awards banquet.

The Madison County Unit received an award certificate for being the fourth best unit in the State of Illinois in providing service to cancer patients.

Tanase-Oros wedding at St. John United

Pink and white flowers in tall urns adorned the altar and aisle standards festooned with pink bows and streamers were placed along the white carpeted aisle at St. John United Church of Christ to provide the setting for the wedding of Miss Renee Marie Oros and Donald R. Tanase on Sept. 29.

The Rev. Dr. Paul Surbey officiated at the 11 a.m. ceremony. Larry Smallie and Jon Grindstaff played several musical selections and Mrs. Irene Barrick presided at the organ for Mrs. Vickie Simpson, soloist. She sang "Wedding Song," "Sunrise, Sunset," "Never My Love," "The First Time Ever I Saw Your Face" and "We've Only Just Begun."

Parents of the bride are Mr. and Mrs. Paul Oros, 2178 Northland Drive. The groom is a son of Mr. and Mrs. Traxon R. Tanase, 9 Terrace Lane.

For her wedding, the bride chose a full length ivory gown accented with pink satin ribbon at the Empire waist and on the ruffled cuffs of the long sleeves. Venice lace motifs enhanced the fitted bodice, made with a high neckline, and were repeated on the slightly full skirt.

She wore an ivory lace Juliet cap etched with seed pearls to secure her full length illusion veil and she carried a bridal cluster of pink Sweetheart roses. Jack Frost roses and baby breath, festooned with light pink satin streamers.

Mrs. John Reed, a sister of the bride, was matron of honor, and Misses Kathy Roderick,

Barbara Headrick, Dianne Harper and Judy Oros, the bride's cousin, served as bridesmaids.

They wore identical rose petal crepe dresses, formal length, designed in an A-line silhouette. Ivory Venice lace formed the collars, edged the short puff sleeves and trimmed the bodices.

Each girl held a nosegay of light pink and Gigi carnations and baby breath, with pink and ivory colored streamers. Their headpieces were created of baby breath with hot pink floral accents.

William Hayes served as best man. Jerry Oros, a brother of the bride, John Reed, the bride's brother-in-law, Robert Schocker, Dan Nemeth, Kris Rauth and Don Wood completed the corps of groomsmen and ushers.

Eric Oros, a nephew of the bride, was the ringbearer.

Mrs. Oros, mother of the bride, selected a floor length gown in two shades of green chiffon made with a scoop neckline, Empire waist and long sheer sleeves. She wore a yellow cymbidium orchid.

The groom's mother, Mrs. Tanase, was attired in a long dress, A-line in style, of pink double knit, created with a jeweled neckline and long sleeves. Her corsage was a white cymbidium orchid.

Guests were received by the newly married Mr. and Mrs. Tanase at a reception held in the Officers Club at the Granite City Army Installation.

Warriors dominate Lancers 26-6 still a league title threat

By KEN THOMPSON
Press-Record Staff Writer

Hopes of capturing a Southwestern Conference championship played all Saturday at South Stadium when the GCHS South Warriors, now 3-1 in the league, defeated the Lancers of Belleville East.

"After the loss to Collinsville we needed this win to give us a mental pickup," said coach Wayne Williams.

"We felt we could beat East, but never thought we could dominate the game the way we did."

South gained 22 first downs in 149 yards rushing and 112 yards in passing as compared to East's eight downs, 123 yards rushing and 23 yards passing.

South used up more than seven minutes of the first quarter in 16 plays to march from its 35-yard line to the Lancer end zone.

The Warriors almost lost the opportunity to score when a Dave Dombek handoff to Tom Schooley was fumbled and recovered by Belleville on its 15.

On the next play, Doug Griffith recovered a Lancer fumble on the 15-yard line and South continued its touchdown drive, which ended in a Dombek-to-Schooley 14-yard pass.

Bryan Bunjan's extra point kick gave South a 7-0 first quarter lead.

The Warriors scored again in the second quarter on a Dombek-to-Ray Smith screen pass after an 88-yard drive.

South gained possession at the 12 on a Lancer punt but had trouble moving into enemy territory until an East penalty for pass interference sent the Warriors up on the Lancer 40.

Runs by Walt Milton, filling in for the injured Dave Williams, and by Paul Mushill and Dombek moved the ball to the enemy 12, where a pass to Smith and Bunjan's point-after-bow topped the score to 14-0 with a

little over one minute left in the half.

Belleville scored its only TD with a fast drive after receiving the kickoff.

Mike Schaab returned the kick 15 yards to the 33, where he was stopped by the Warriors Charles Ferratto.

Working out of a double-wing formation, Schaab on a Robbie Vaughn pitchback, moved the Lancers to the Warrior 35 on a 32-yard run before being

dominated by Kirk Champion.

Two plays later Schaab broke from two South defenders to sweep around right end for a 20-yard run to the five, and on the next play he carried the ball in to score with 31 seconds left in the half.

His two-point conversion run was thwarted by the defensive unit and at halftime the score was 14-0.

The Warriors early in the second half put together a 48-yard drive on Dombek keeps and runs by Milton, Schooley and Mushill.

Mushill carried the ball in from the one-yard line but Bunjan's extra point kick fell short and South had to settle for a 20-0 lead.

With four minutes left in the third quarter, Dennis Solberger recovered a Lancer fumble to give South possession on the enemy 49. But a strong defense forced a Milton fourth down punt which stopped rolling at the four-yard line.

Utilizing the services of sophomore quarterback Jeff McCarthy, East moved the ball in nine plays out to the 25 but was stopped cold. Champion intercepted a 24-yard pass at the 49 with nine minutes left in the game.

Dombek immediately hit Schooley with a 13-yard pass to the 36. After two runs, South moved the ball to the 26 with an over-the-middle screen pass to Ray Smith.

After a pass to Schooley in the end zone was broken up, Dombek rolled out to the right and while still on the run, hit Schooley at the 16. Schooley hauled in the pass and carried it to the one-yard line for a "first down and goal to go."

Milton plunged over the middle to paydirt and the Warriors enjoyed a 26-0 lead.

with time running out. Bunjan's point after kick was wide.

The teams played to a virtual standstill in the remaining minutes. Greg Terrell won praise by stopping a Lancer kickoff return.

Kirk Champion took the kickoff at the Lancer 20 and sailed past Warrior tacklers, with only one to sneak by to have the field wide open. That one defender was Terrell, who dropped Krill at the 50-yard marker.

The victory gave South a 4-2 record (3-1 in conference play) and dropped Belleville East to 1-3 in the conference and 2-2 overall.

South seeking its first conference championship in 27 years, has three more teams on its schedule, including the East St. Louis Flyers who Friday night trampled the Kahoks 54-7 in a conference clash at Collinsville.

The Flyers, undefeated in conference play, will host South Saturday at 1:30 p.m. with a 4-1 overall record.

Belleville West remains in the top spot in league standings with a 5-0 record after downing Cahokia 26-6 Friday night.

East St. Louis is second and South held onto its third place spot.

Soccer Cougars blank Spartans

EAST LANSING, MICH.

The Southern Illinois University at Edwardsville soccer team, No. 1 ranked team in the nation the past two weeks, added a strong Michigan State University squad to its list of victims here Saturday by a 2-0 score.

The victory raised the SIUE Cougars' record to 8-0-1 and ran their streak without a loss to 23 over the past two seasons.

It also was the Cougars' 10th straight game in which their opponents have been shut out.

This coming Saturday, the Cougars will play their first home game in six games as SIUE celebrates its homecoming by hosting a strong Blackburn College team.

Blackburn, with a 5-1-2 record, has a strong Nigerian contingent of three outstanding players, plus the usual group of St. Louis area young of players.

It is a clinch that Coach Bob Guetker won't let his Cougars look ahead of Blackburn to their meeting Friday night, Nov. 9, at Busch Stadium with No. 2 St. Louis University.

In Saturday's game with the Michigan State Spartans, it was obvious that the host team would have gladly settled for a 0-0 deadlock and played accordingly.

The Spartans, whose only previous loss this season was to the Air Force Academy, concentrated on defense against SIUE. In all, the Cougars took 44 shots on goal to only five for Michigan State.

Tom Twissman, still going at only 50 per cent of his potential due to an ankle and knee injury, put the Cougars on the scoreboard unassisted in the first half.

The Spartans took their first shot at the goal a little over a minute later, just one of three in the first half.

John Stremlau made it 2-0 for SIUE in the final half, also unassisted. MSU took only two shots on goal the second half.

SIUE's defensive unit of Mike Smallwood, Bill Hennard, Steve Elliott, Dan O'Sullivan and Steve Akmacher was brilliant.

Also looking good in relief roles were Joe Bono, Paul Gentile and Bill Barran. Regulars Steve Cacciatore, Tim Twissman and Bobby Kessen turned in their customary standout games.

Upset-minded grid Steelers outrun strong Tiger team 28-0

Reflections in the eyes of a proud Tom Wyrostek Saturday told the story of how his 1-4 GCHS North Steelers upset the 4-2 Edwardsville Tigers 28-0 at Edwardsville.

The Steelers, fired up by their 41-8 defeat of Madison a week earlier allowed the enemy to penetrate their territory only three times while intercepting three passes and recovering three fumbles to hold the Tigers to 146 yards rushing and 43 yards in passing.

North pounded out 145 yards on the ground and Quarterback Greg Logas hit on six out of 14 attempts for 107 yards passing. Two of the passes resulted in touchdowns.

North's Bill Carr, who carried nine times for 102 yards and was the recipient of two Logas bombs for 27 yards, scored two TDs and intercepted an enemy pass.

Carr put the Steelers on the scoreboard in the opening minutes of play with a 66-yard

touchdown run. Lenny Wright's extra point kick missed and North led 6-0.

The young running back, Carr, added six more points in the second quarter on a 10-yard Logas pass into the end zone. The play was set up when Ed Schmidt recovered a Tiger fumble on the 11 yard line. Wright put the ball through the uprights for a 13-0 lead.

North enjoyed a 21-0 halftime lead after Logas fired a 35-yard aerial bomb to Cary Simpson

and then kept the ball and plunged over the line for a two-point conversion.

The touchdown drive had started from the Steel 26 and was advanced by a yard run by Carr and a 14-yard Logas-to-Bruce Wilson pass.

Wilson added the final TD in the fourth quarter of a Tiger fumble into the end zone.

The Tigers, with their backs to the wall, in a 4th down situation, attempted to punt the ball away. But a bad snap from center sailed over the holder's

head and was downed by Wilson in the end zone. With kicked the extra point.

North will carry its 2-4 record against the Bettelha Eagles Friday in an 8 p.m. game at South Stadium here.

Bettelha, 3-4 overall, defeated

Triad (St. Jacob) Friday 20-10 in a Mississippi Valley Conference game.

Another MVC competition this weekend, Roxana, downed Highland 40-6 and Wood River beat Jerseyville 27-14.

GC soccer teams open district play, could collide in sectional

A new Illinois High School Association state champion in soccer is assured, since two schools are now serving the Granite City area, but the chase for the 1973 title looms as a dogfight from start to finish.

Granite City edged Northfield (New River West) in overtime last year—the first year for soccer as an interscholastic sport in Illinois—at Hancock Stadium on the campus of Illinois State University.

The greatest proportion of lettermen of former Coach John Sellmeyer's title club attends Granite City South, but now sister school Granite City North, about half as large as South, has shown it also could be a strong challenger.

Fifty-two downstate and suburban schools have entered this year's series, according to assignments released by the IHSA.

Competition on the district level will be this week (Granite City South, Skokie Niles West and Wheaton Central) Oct. 30-31 and Nov. 2.

Winners from the three sectionals and the Chicago Public League representative will gather in Normal Nov. 9-10 for the state meet.

Last year, 36 down state and suburban schools entered the annual tournament series, and the growth of soccer as an interscholastic sport increased this year's number of entries by 16.

"In all likelihood, there should be another spurt in entries next year," noted IHSA Executive Secretary Harry Fitching.

While there was a large increase in the number of suburban schools entered this year, several downstate schools, particularly in the St.

Louis area, where intercollegiate soccer is extremely popular, have added the sport to their programs.

Granite City's entries are paired in different districts, as are the highly-rated New River East and Northfield (New River West).

Wheaton (Central), showing strength in early-season competition and one of the top-rated teams in the state according to the state's soccer coaches' association, is entered in one of the two sixteen-team districts.

Teams are seeded at the district level. In the sixteen-team district, the 1-ranked team will have the bye.

Championship games will be played either Friday morning, Oct. 26 at 7:30 or Saturday morning, Oct. 27 at 11.

Sectional title games will be either at 7:30 p.m. Friday, Nov. 2, or Saturday, Nov. 3, at 11 a.m.

Granite City South, which retained membership in the rugged Southwestern Conference after the split of schools, will host one of the districts assigned to its sectional.

Granite City North, an independent this year, has been assigned to the Jacksonville District, which feeds the Granite City South Sectional. A showdown between the two could develop in the sectional.

Likewise for New River East and New River West. Both will host district meets, along with Park Ridge (Maine East) and Lake Forest. Winners at those four sites advance to the Skokie (Niles West) sectional.

Wheaton Central hosts the sectional where winners from Chicago (Franklin Park), Rockford

Hillside (Proviso West) and LaGrange (Lyons) will advance to the sectional.

The district schedules follow:

TUESDAY, Oct. 23
Granite City South vs. St. Paul-Gibault winner, 3:45 p.m. South Field

WEDNESDAY, Oct. 24

Can York High School, Elmura, become only the second team in the 29-year history of the Illinois High School Association's cross country series to claim three straight team state championships? Coach Joe Newton and his Ducks will find out when the largest field ever begins district competition Tuesday at 24 sites.

Runners from 428 downstate and suburban schools begin the race for state honors in district meets at 4 p.m. Tuesday at:

Alton (Sr.), Benton, Crystal Lake, Decatur (H.S.), DeKalb, Elk Grove Village (S.G.), Eureka, Franklin Park (East Leyden), Glen Ellyn (Glenbard West), Kankakee (Eastbridge), Kewanee (H.S.), LaGrange (Lyons), Lake Forest, Lebanon, New Lenox (Lincoln Way), Normal (University), Olney, East Richmond, Paris, Park Forest (Rich East), Princeton, Quincy (Sr.), St. Charles (H.S.), Springfield (H.S.) and Sterling (H.S.).

Last year, when York emerged champion for the second straight time and a record fifth title—the opening field included 409 schools—out of the Chicago Public League.

The Alton High School cross-country meet will include the host school plus Granite City North and South, Alton Marquette, Collinsville, Bettelha, Wood River, Edwardsville and three East St. Louis schools: Park High, Lincoln and Assumption.

Also competing at Alton will be Bunker Hill, Carlisle, Gillespie, Jacksonville, Jerseyville, Levee of Brookline, Mount Olive, Piassa Southwestern, Roxana and White Hall.

Survivors of the Alton, Quincy and Springfield districts will advance to the Springfield Southeast sectional.

The top 10 individuals and members of the first five teams at the district level advance to eight sectional meets, which will be held Saturday, Oct. 27 at Bartonville (Limestone), Centralia, Champaign (Centennial), Dixon, Naperville (Central), Oak Park (O.P. & R.T.), Palatine (Fremd) and Springfield (Southeast).

Each school may enter teams of up to seven runners at the sectional level, but only the first five finishers from the school will be included in scoring for team honors.

The basic course for all races in the series will be approximately three miles long.

"I think this year's squad will be on a par with the teams we've had in the past, but we will not have as much depth as we had in recent years," observed York's Newton, who has coached all five of that school's state champion teams.

"Things could get pretty exciting once we get into the state qualifying meets. There are going to be some great individuals and the team battle could be a real dogfight."

Among the pre-district challenges for the team title along with York are last year's runnerup Arlington Heights (Hersey); suburban powers Park Ridge (Maine East), LaGrange (Lyons), Palatine (Fremd) and Riverside (Riverside), and Maitland and Peoria (H.S.), host school for the state meet Nov. 3 at 11 a.m. on the three-mile layout at Peoria on Ill. Route 29.

Chief threats for the individual title include Crystal Lake's Bill Santino, who finished fifth behind Lebanon's record-shattering Craig Virgin last fall, and Riverside-Brookfield's John Unger, a senior, who was sixth in 1972.

Junior Craig Young of Sullivan Valley, who finished 12th last year, ranks as one of the top underclassmen challengers. Long-legged Jim Eicken, a sophomore last year at East Peoria who finished 14th, will not be a factor because of his family's move to Davenport, Ia.

"Santino and Unger have to rate as the top threats on the basis of what they did last year," Newton said. "Young, on the other hand, could develop into another Craig Virgin, Eicken would have been a threat had he not moved."

Advancing to the state meet from sectional action will be the top 10 individual runners and members of the first three teams. Joining them in Peoria will be two teams and the top 10 individuals from the Chicago Public League meet.

Peoria's DeWetter Park is in its third year as site for the state final meet. Virgin topped the layout in a sizzling 13:50.6 last Nov. 4 to claim his second straight individual title.

York scored 84 points, while runnerup Hersey tallied 164. The only other school to win three straight team titles was Paris, when the Tigers posted consecutive wins in the first four meets (1964-69).

Granite Cityans 1st in pro stock

The pro stock class team of Deidman and McCormick of Granite City captured the last special race of the season yesterday at St. Louis International Raceway, defeating Jerry Austin and Decatur by default when his car failed to start at the line.

Illinois drivers continued domination of drag racing at the Madison area track with the Snyder and a d England "Unclutchable" car from Alton taking super-stock honors.

Two out-of-state drivers were winners in their classes. St. Louisans Ray and Mike Crane won stock-eliminator.

"Underdog" ear and Ed Dixon of Iowa, driving a new Camaro, captured super-eliminator.

Winners of each class were paired against each other in the final event, with the "Underdog" and "Unclutchable" meeting in the main event.

Both cars broke out of their speed brackets and went over the national record. Officials declared the St. Louis-based "Unclutchable" the winner because of its lower time down the quarter-mile asphalt.

Regular Sunday afternoon racing will continue at the track located south of Madison on Route 203, with gates opening at noon and eliminations beginning at 3 p.m.

Terry and team sixth in meet

GCHS South harrier Dwayne Terry ran the 3-mile Alton course in 15:24 to finish sixth in the Southwestern Conference cross-country championship meet Friday at Rock Springs Park.

Belleville West's Paul Weimann toured the layout in 15:24 to claim the individual crown vacated by South graduate Howie Bryant, and helped give his team a second place finish with 63 points.

Alton's Jim Boswell finished eleventh and his teammates' strong finishes gave Alton the overall title for the fourth consecutive year with 45 points.

Rounding out the top eight were: Cahokia, 85; Edwardsville, 87; Belleville East, 98; GCHS South 158; East St. Louis 159; and Collinsville with 196 points.

South limits foe to one first down

The freshman football squad of GCHS South held its foe to only one first down Thursday, defeating the Kahoks 22-0 at Collinsville.

Dana Wallace provided two of the TD's, a 20-yard run in the first period and a 30-yard pass from Quarterback Kirk Champion in the second quarter.

Mike Fisher scored in the third quarter on a 30-yard reverse play.

John Phillips' two-point conversion attempt failed. Phillips had previously made two conversion runs for four points.

Broadway plans ready

Meeting changed

This month's regular meeting of the Venice Town Board will be held at 7:30 p.m. Wednesday, Oct. 31. The meeting date was changed to permit town officials to attend the annual meeting of the Illinois Township Officials Association this week.

By WALTER STRANGE
Press-Record Staff Writer
Final plans for the relocation of Broadway in Venice to connect with the Broadway underpass and the approaches to FA Route 151 (The Great River Road) have been sent to Springfield for approval by the Illinois and U. S. Departments of Transportation, Venice.

Mayor John E. Lee told a meeting of the City Council last week.

Mayor Lee announced that the Illinois transportation department has approved a \$275,000 appropriation of the city's motor fuel tax funds to finance its share of the relocation project, hopefully clearing the way for a Dec. 11 bid call by the state.

The Broadway underpass which will take the relocated highway under the GM&O, New York Central and Norfolk & Western railroad tracks was completed during the summer of 1971.

Mayor Lee told the council that the Economic Development Administration (EDA) has turned down a request for a grant to build a Community Center in North Venice, but that he has not given up the project and will "try a different route."

Several aldermen expressed concern that Street Department trucks were being seen by citizens parked at various locations during working hours

where there seemed to be no apparent reason for them to be.

The aldermen also expressed concern over sending three Street Department employees on garbage runs, rather than two. A question was raised as to the amount of time needed to make a garbage run.

Files \$50,000 suit

John Deaver has filed a \$50,000 lawsuit against the Terminal Railroad Association, charging that on July 4, 1973, while he was a switchman in the company's Madison yard, he was moving a drawbar and was injured. The suit is in two counts.

Change proposed in city group insurance plan

A resolution that would limit participation in Granite City group insurance programs to persons specifically covered by ordinance was placed on first reading by a 9 to 3 vote during a City Council meeting last week.

The measure was given first reading status after a motion to suspend the rules and place the bill on final passage was defeated by a margin of one vote.

The vote to suspend the rules also was 9 to 3, but a minimum of 10 votes is needed to advance a measure to final passage.

Adoption of such a rule would remove three former city officials from participation in group insurance benefits, as well as two former employees of the street department, according to Alderman Coleman, a member of the council's finance committee who has spearheaded a revision of the city insurance program.

Coleman said the three former city officials who would be affected if the bill is passed are former mayor Donald Farney, former street superintendent

William Warfield and former City Inspector Orville Deltour. Farney was defeated in a bid for re-election earlier this year. Warfield is retired and Deltour was a former Farney appointee who was replaced after the city election.

The resolution was introduced at the urging of Alderman Gerald Parmley, chairman of the finance committee, and Coleman, who asserted that rising premium costs for city health insurance is due to poor "experience" ratings in payment of claims by the insurance carriers.

Alderman Walter Nonn opposed the resolution, telling the council that "this is the most unfair thing I've ever heard. If you want to cut a man (Farney) who gave 25 years to this city out of his insurance, then let your conscience be your guide."

Without mentioning Farney by name, Nonn said, "this man is disabled and won't be able to get any insurance."

Mayor Paul Schuler said that meeting followed a discussion by the City Council last week in which the aldermen criticized the number of criminal case dismissals and probations granted to "repeaters."

The council approved a building permit for Jerry C. Richard, 636A Broadway, to place a double-width, seven-room mobile home valued at \$6,500 at 111 Granville St.

The aldermen also placed on file a city treasurer's report listing September receipts of \$406,687, disbursements of \$160,283 and a general fund bank balance of \$12,403.

A police arrest report submitted by Chief of Police Ralph Bravley listed 31 adult arrests and 16 juvenile arrests during September. The city received \$75 in fines through disposition of police cases in circuit court, the report said.

he understood those affected by the revision would be able to convert their group policies and retain them as individuals.

Nonn replied that he had checked on this and "I am told he cannot get insurance and will be without it."

"I'll check on that and if that is true I will veto this resolution," Schuler said.

Voting against the suspension of rules to place the measure on final passage were Nonn and

Aldermen Steve Basarich and Sam Whitmer. Aldermen R. E. Robertson and Roy Poulos had left the meeting before the vote was taken.

Voting in favor were Aldermen Gerald Parmley, Ronald Coleman, Earl Baker, William Dallas, Emerald Daves, Clyde Boyd, Everett Morlen, Frank Greenwald and Claude Green.

Discuss whether to retain judicial retention process

By AL MANNING
Capitol News Service
Springfield—State Sen. Edward McBroome's unexpected turnaround on the question of whether judges should be elected has caused a stir in courthouses throughout the state.

He was the leader of a drive last spring to return to the old system whereby judges would be elected against opposition every few years rather than simply be retained as they are now in "running on their records."

McBroome, one of the GOP powerhouses in the legislature, realized the political leaders in his Kankakee district are favoring the Dixon-Ogilvie approach more than they were his plan.

So he and State Rep. George Ryan decided to appear with State Treasurer Alan Dixon and former Gov. Richard Ogilvie at a Chicago news conference to publicly change their position. The turnout was little noted because it occurred the same day as former Vice President Agnew's resignation. However, the controversial sentence Agnew received will undoubtedly spark a renewed interest in the criminal justice system.

For a decade or more, conservatives have blamed judges in general and the Supreme Court in particular for "per-

missiveness" in this country. Since Illinois judges no longer have to run in partisan elections, many of them have gone soft on the criminals, the argument goes. They are no longer accountable to the masses of people and therefore the masses have lost control of one-third of their government. It is contended by some people: "If you ask people if they want to elect their mayor, they will of course answer 'yes.' Legislators? Yes. Governor? Sure. Judges? Of course."

Retention has not worked, they say, because not a single judge has been tossed out of office. Each runs as a party candidate the first time, but as an independent without a ballot for thereafter.

Some, led by Dixon, have charged that returning to a system of electing judges would result in the "bad old days" of a political judiciary. The say a change would return Illinois courts to a political battleground where incompetents can be rewarded for political favors, where they give political decisions because they must return to their county chairman for endorsement every few years. They say a change would retain on merit or rejected on lack of merit and they should not be retained or defeated in the wake of election landslides. Judges say privately they are

in some need of security before good candidates will seek the office.

Once elected, they must give up all their clients. If they know they can be easily dumped in a landslide, no matter how good of a job they have done, then good lawyers are less likely to want to become judges.

And, they point out, they no longer have any patronage jobs at their disposal. So, the county chairman isn't going to be too excited about a judge running for retention.

The politician who has been in a position to help a lot of people could step in and challenge an incumbent judge rather easily, they think, if partisan balloting resumed.

So the legislators will determine in this fall session whether they want to reverse their previous action. Since the legislature is dominated by lawyers, many with judicial aspirations, the discussion will be lively.

SPECIAL GIFTS for the pediatric unit of St. Elizabeth Hospital were presented by members of Alpha Xi Chapter of Epsilon Sigma Alpha Sorority. The gifts included strollers, a wagon and rocking chair. County may lease, buy office building

In the midst of questioning whether or not Madison County should or legally may purchase the former Bank of Edwardsville building across from the County Courthouse at Edwardsville, the County Board last week voted to hire an architect to design a plan for remodeling the first floor and basement of the building.

The two floors are being considered for use by the Sheriff's Department. The county presently leases the second floor of the building for the state's attorney's office and the third floor for the public defender's office.

The lease now is \$1,500 per month. The cost of leasing the four floors, rather than two, is yet to be negotiated.

Attempts by the board to purchase the building in 1972 were halted by then Assistant State's Attorney Marshall "Zeke" Smith, who contended a countywide referendum would be necessary for the county to purchase or build any structures.

A public building commission also could have leased the building, he contended, but the county had no commission at the time.

Assistant State's Attorney

Don Smith disputes the contention and says the county can enter a lease-purchase agreement for the former bank building.

Under the plan, rent paid by the county would be applied toward the purchase price. The board hired John Rapp of the firm of William L. Flippo and A. R. Kampwerth, architects, Alton, "to complete a study and floorplan for the first floor and basement."

Flippo was chairman of the county's former building commission. Rapp is to be paid \$20 per hour, with his total fee not to exceed \$650.

The board adopted an ordinance providing for determination of the eligibility of persons 65 years

of age or older for purposes of qualifying for reduced privilege tax rates on mobile homes.

The ordinance provides that those wishing a reduction due to age must file an application with their township assessors. Persons aged 65 or older or persons with incomes of less than \$4,000 qualify under the privilege tax guidelines to have their tax reduced to 80 percent of the total tax.

STEAL FOOD STAMPS
About \$70 worth of food stamps were stolen from the purse of Betty Ince, 2121 Washington Ave., she reported last week. The purse was in the bedroom of her home when looted, she said.

Ask the Governor

Q. The people in this country take for granted that we have to have a 5 to 9 percent cost of living increase yearly. It seems to me that someone could outline a program whereby we could come to live on a normal pattern and end this spiraling, high inflation.

A. In my view, this country, this nation, cannot endure with the kind of life we have with an inflationary rate of between 5 and 9 percent increase every year. And if it keeps up, we're going to have more unemployment in the long run in this nation. We're going to have a harder time getting the things that we want and to which we're accustomed. We're going to have a tougher time competing in the market with other nations. We've got to start tightening the belt, and that's what I've been trying to do in my own little way right here in Illinois by cutting back on the state budget. That helps control inflation.

Q. What do you think about the meat prices going up?

A. I don't like to see meat prices going up. I do want to emphasize, however, that farmers are not getting the benefit of those soaring meat prices. There is one way to control what happens to meat prices. Through our Illinois Department

of Agriculture, we can do everything we can to get more farmers to raise more livestock. The more livestock we have, the better off we are going to be so far as prices are concerned. Another thing we are doing is trying to get you some direct tax relief out of the General Assembly.

Q. How does the Department of Children and Family Services handle the children it gets?

A. We are moving the Department of Children and Family Services in the direction away from institutionalization of children and toward the direction of placing more children in foster homes. We believe that a child is going to have a better chance of growing up to be a productive citizen if he is raised in a home atmosphere. There are some children who need the treatment an institution offers, but we must make certain that children who can benefit from a foster home do. I'm the father of seven children, and it may seem maudlin or old-fashioned to some, but not to me to say that there is no substitute for a home and the kind of loving care that people in a home atmosphere can provide for a youngster.

GARAGE LOOTED

No surplus areas at GC Installation, Army says

There are no immediate plans to declare as surplus land of the Granite City Army Installation which has been redesignated as the U.S. Army St. Louis Area Support Center, Howard H. Callaway, Secretary of the Army, has notified Cong. Melvin Price (D-East St. Louis) at his Washington office.

In a letter to Price, Secretary Callaway said:

In answer to your query concerning disposal of property, we have no immediate plans to excess any of the real estate. However, a land utilization survey was recently conducted by the Office of the Secretary of Defense under the provisions of Executive Order 11724 to determine if any of the property is not utilized, is underutilized, or is not being put to its optimum use.

Since the survey results have not been provided to the Army for comment, any projection at this time as to the final decision on retention or excessing would be highly speculative.

As to short range plans, the Army is now utilizing the installation to provide community support for authorized Defense Department personnel in the St. Louis area. Such activities as commissary, post exchange, housing and medical facilities are located there.

In addition, the General Services Administration (GSA)

stores strategic material there, and the Department of Housing and Urban Development (DHUD) is storing several hundred mobile homes to be used in disaster relief operations.

The Army plans to retain the facility for the foreseeable future in its present role. We are advised the GSA and DHUD anticipate the same. This is, of course, subject to modification as a result of the recent land utilization survey.

Our continued retention would not necessarily rule out use of a portion of the facility by local interests. If your constituents would be interested in a lease, they should begin negotiations with the Commander of the St. Louis Area Support Center.

The Army's final position as to the feasibility of any outlease would depend, in large, on the evaluation by the local commander as to the effect on his mission accomplishment.

I recognize the community impact of Army decisions in cases like the St. Louis Area Support Center. I appreciate your interest in this matter and trust that the information I have provided will be useful to you.

THE SCHERMER BULLETIN

Normally we like to devote this column to telling about the good things at Schermers Bros., but this week we would like to just tell you about United Way. First let us say that we both live in this community and are proud to do so. We have both been working on this year's United Way fund drive. Right now we don't know whether this year's drive will succeed or fail.

So, we are asking you, our customers, if you haven't yet made a gift or pledge for this campaign, come in to our store and make your gift or pledge. This campaign is your concern as well as ours. All to the United Agencies supported by this drive have been found worthy and many of you have received their services over the years. Your children have gone to the YMCA and participated in the Scouting program. But all of this is old news. You know all about it. The question that we are asking is Did you give? If the answer is yes, then we say hurrah for you. But if you didn't, we ask you to come in and make your gift or pledge at our store. We would like nothing better than to go to Wednesday's meeting and announce a sizeable gift from SCHERMER CUSTOMERS. We don't say give "till it hurts." We say "give till it feels good."

Venice hires two teachers

Venice School Board members approved hiring two teachers, heard the results of an electrical work survey and voted to purchase \$84,000 in time certificates from the special education building fund account at a meeting last week.

Hired for the balance of the school year were Mrs. Wilma Jean Cooper, a reading-language arts teacher, who was assigned to Venice-Lincoln Technical Center and Miss Ruth Welch, who was retained as a half-time teacher in the pre-school special education program.

Results of an electrical survey at the Venice High and grade schools by the Sylvester Dulgeroff architectural firm were accepted by the board.

The work was authorized to comply with requirements of the Illinois Life Safety Code and involves rewiring to receptacles at both schools and rewiring and installation of a switch panel in the gymnasium.

Jos. Kimbro earns performance award

Joseph Kimbro, 2224 Dewey Ave., has received an Outstanding Performance award at the US Army Troop Support Command (TROSCOM), 4300 Goodfellow Blvd., St. Louis, where he is employed as a press operator in the Printing Branch, Administrative Services Division. The award is in recognition of the high quality work turned out from June 1972 through June 1973.

A certificate presented to him by Harold Ford, chief of the printing branch, read: "By his exceptional devotion to duty, loyalty, and high degree of competence, Mr. Kimbro played an important part in accomplishment of the command's mission and brought favorable recognition to himself, Headquarters and Installation Support Activity and the Command."

THEFT AT TAVERN

The juke box was broken open and an undetermined amount of change taken from the coin box during a burglary at Butzie's Tavern, 24th Street and Washington Avenue, which was reported Thursday. Several cartons of cigarettes also were taken. Entry was gained by forcing the front door.
